About School of Online

Welcome to D. Y. Patil University, a place that is not only happening in all respects but also offers cerebral delights that ensure a refined and enriching life experience, that leads to the achievement of the desired goals and aspirations. You are here to scale new heights and reach the pinnacle of success and accomplishments. D. Y. Patil Deemed to be university is renowned for its academic excellence and innovative teaching methodology. Education and learning imparted here are world-class, coupled with excellent infrastructural facilities. The renowned philanthropist educationalist Dr. D. Y. Patil has contributed significantly to expand and raise the level of education and healthcare in India. A truly world-class educational institution with solid-state of the art infrastructure, D .Y. Patil University stands to be one of the best in the country.

The University has a curriculum designed by experts that can prepare students for leadership roles in society. The principal objective of the courses offered here is to provide a solid foundation for the students' future, keeping in mind the constantly growing needs and challenges of the industry and society. The programs offered here, are not just static set of directives for the present, but a dynamic framework of analytical skills and intellectual tools that will be as valuable twenty years hence, as they are, immediately after graduation.

There is no area in the field of education which has been left untouched by our founder President Dr. D. Y. Patil, as he is the pioneer and with his unique vision and foresight, has created this world-class University. This legacy is being carried forward by our dynamic President, Dr. Vijay D. Patil, who is relentlessly striving to bring the University at par with the renowned universities of the world. His iconoclastic vision is gradually transforming his dreams into reality. We offer exclusive academic programs in various realms of education.

We are now all set to venture into online education to carry the legacy of 'accessible education' forward. An emergent trend in the landscape of academics which a lot of individuals, professionals, students are opting for is online education. This approach helps harness their optimum potential which is carefully designed optimally curated academic programs. We aim to offer the best academic exposure to people.

The latest addition to its ever-expanding arsenal of Schools is the DY Patil University Online. Under the aegis of this school are programs such as MBA, BBA with multiple specializations in Sales, Finance, Logistics, Hospitality, Healthcare etc. and B.Sc. in Hospitality Studies. DYPU Online Business Programs are designed to provide students with a broad-based and strong business foundation, in preparation for a successful career in the global business world.

Founder President

We started our education journey close to four decades ago in the 1980s with the idea of making good education accessible for our youth. Throughout the course of this long and rewarding journey, our endeavor has been to build a diverse yet welcoming community that can be instrumental in shaping the future of our country. As the world grows smaller and more connected, we're beginning to live and work with people who don't look like us, don't think like us, don't come from the same place as us and don't share the same values and principles as us. In this converging of the world into one large community, lies the biggest opportunity of the current generation. The opportunity to come together, exchange perspectives and collectively solve problems and do good for the entire human race." I ardently believe that knowledge empowers people. It empowers the individual and accelerates his development and ensures that he commands an enhanced level of respect in society. Knowledge also enables the individual to contribute to the process of national development while being a source for wealth creation. In the society that we live in today, there is a knowledge explosion every moment all over the world. All this is driven and achieved by providing quality par excellence education right from the roots to the tertiary levels of education, higher levels of exceptional learning through reputed colleges and universities. Students now seek education from advanced centers of learning to enhance their skills and abilities in a highly competitive world. The University offers a stimulating environment which brings out the very best in students. Over decades, the University has nurtured and molded able minds who have now become stalwarts in their profession. World class facilities, Comprehensive Curriculum, Advanced Teaching Methodology, and Experienced Faculties – all together provide a wholesome milieu for exceptional skill development and growth. Our students are a vital part of the ongoing transformation of India into a dynamic & unique place to live and work. With us, you will be inspired by globally stimulating projects & minds, making international connections and friends beyond national borders. Develop your talent, discover new interests & chase new dreams with us! I wish all the students the very best for their future. They have chosen the right path towards success and enlightenment.

Dr. D. Y. Patil
Padmashri Recipient, Founder,
D. Y. Patil Group, India.

President

"Learning @ D Y Patil University is boundless. We are focussed to equip people with knowledge and requisite skills they need to succeed. We are unique, as we follow holistic modes of offering scholastic knowledge & acumen. Examination Details

The University follows a semester pattern of examination for both the graduate and master's degree programs. Under this, exams are conducted at the end of each semester. For each subject, the break-up of marks will be as follows :

- The Evaluation System at DY Patil University Online is highly transparent and aimed at bringing out the best performance of students.

- The weight age of Term End Semester Examination (TESE) and Internal Assessment Evaluation (IAE) is 70% and 30% respectively.

- The condition for qualifying separately in IAE is waived off.

- Passing Criteria for TERM END SEMESTERS / ANNUAL EXAMS

- Continuous Evaluation Marks - No minimum marks pass criteria is applicable for continuous evaluation marks.

- Term End Term Examination – Minimum 35% marks are required to pass.

- Students have to secure a minimum 35% to pass a particular subject.

TOTAL (100)	Assignments (30)	Term End Examination (70)

Each subject includes a set of assignments that are based on separate units in each subject. The students have to compulsorily submit all the assignments in order to secure these marks. The total weight age of these assignments is 30 marks.

The university also conducts term end examination which carries a weight age of 70 marks. This examination will be conducted in the various centres spread across different cities of the country. The window period for these examinations is updated on the website in advance and the students are given the opportunity of writing the exam on a day of their convenience.

The term end examination comprises of Multiple Choice Questions.
